### SUMMARY

AI Engineer with 2+ years of experience in building and deploying AI/ML applications. Skilled in Python, TensorFlow, FastAPI, and computer vision projects.

### EXPERIENCE

AI Developer, TechSolutions Inc.

Jan 2022 – Present

- Developed AI-powered chatbots using Python and NLP techniques.
- Built computer vision models for object detection using TensorFlow.
- Deployed APIs using FastAPI for real-time AI inference.

### PROJECTS

1. Resume Analyzer: Built a system that analyzes resumes against job descriptions.
2. Traffic Sign Detector: Developed a real-time traffic sign recognition system using OpenCV and TensorFlow.

### SKILLS

Python, TensorFlow, FastAPI, OpenCV, Pandas, NumPy, Machine Learning, Deep Learning, NLP

### EDUCATION

B.Sc. Computer Science, University of Karachi, Graduated 2021
